Study synopsis – Including rationale, objectives, and study design (including number of subjects)

Next Steps

Once the request has been sent to SK Life Science (SKLSI):

- SK Life Science will acknowledge receipt of all Investigator Initiated Study proposals by email
- Decisions are made based on medical and scientific merit as well as available budget
- Once the request is received, it is reviewed by the Investigator Initiated Study (IIS) Committee to determine SKLSI's initial interest in the proposal
- Any inquiry regarding status should be directed to Grants@SKLSI.com
- A formal notification of the outcome of the review will be sent by email to the requestor
